Dear Shirley,

It was good to talk to you recently.

As we discussed on the phone during our downtime, I am trying to make contact with various organisations to spread the word about the services, we as Viva Assist can offer to people in your local vicinity and remote outlying Cheshire villages.

We have already established excellent working relationships with GPs, Wellbeing Coordinators and Adult Social Care to name but a few. Most of our referrals are by word of mouth, as I like to think that we are highly regarded within the Cheshire West and Chester regions.

We have an hourly charge of £18.50 with small charges made for petrol as and where appropriate. As promised, I have attached a copy of our leaflet and refer you to our website for further information www.vi-vaassist.co.uk.

As I mentioned I would be delighted to do any presentations, either informal or formal.

Thank you for your time. Once we have returned to some form of normality I will make contact with you.

Kind regards,
Liz Cartmell
